4. Online Analytics and Advertising

Analytics: We may use third-party web analytics services on our Website, such as those of Google Analytics. These vendors use the sort of technology previously described in the “Information we collect automatically” section to help us analyze how users use the Website, including by noting the third-party website from which you arrive, and provide certain features to you. The information (including your IP address) collected by the technology will be disclosed to or collected directly by these vendors, who use the information to evaluate your use of the Website. To prevent Google Analytics from using your information for analytics, you may install the Google Analytics Opt-out Browser Add-on by clicking [here](#).

If you receive email from us, we may use certain tools, such as clear GIFs to capture data such as when you open our message or click on any links or banners our email contains. This data allows us to gauge the effectiveness of our communications.

Advertising: The Website may integrate third-party advertising technologies that allow for the delivery of relevant content and advertising websites you visit and other applications you use. These cookies and other tracking technologies may be placed on your computer, mobile phone, or other device to collect information about your use of the Website in order to (a) inform, optimize, and serve marketing content based on past visits to our websites and other sites and (b) report how our marketing content impressions, other uses of marketing services, and interactions with these marketing impressions and marketing services are related to visits to our websites. We also allow other third parties (e.g., ad networks and ad servers such as Google Analytics) to serve tailored marketing to you and to access their own cookies or other tracking technologies on your computer, mobile phone, or other device you use to access the Website. Cookies may be associated with de-identified data linked to or derived from data you voluntarily have submitted to us (e.g., your email address) that we may share with a vendor in hashed, non-human-readable form. If you are interested in more information about tailored browser advertising and how you can generally control cookies from being put on your computer to deliver tailored marketing, you may visit the Network Advertising Initiative's (“NAI”) Consumer Opt-Out [Link](#) and/or the Digital Advertising Alliance's (“DAA”) Consumer Opt-Out [Link](#) to opt-out of receiving tailored advertising from

companies that participate in those programs. To opt out of Google Analytics for Display Advertising or customize Google Display Network ads, you can visit the Google Ads Settings page [here](#). Please note that to the extent advertising technology is integrated into the Website, you may still receive advertising content even if you opt out of tailored advertising. In that case, the advertising content may not be tailored to your interests. Also, we do not control any of the above opt-out links and are not responsible for any choices you make using these mechanisms or the continued availability or accuracy of these mechanisms. If your browsers are configured to reject cookies when you visit this opt-out page, or you subsequently erase your cookies, use a different computer or change web browsers, your NAI or DAA opt-out may no longer be effective. Additional information is available on NAI's and DAA's websites, accessible by the above links.
